Forerunner® 70 | 170

GPS RUNNING SMARTWATCHES

SRP: Starting at \$249.99

With personalized beginner-friendly training plans and advanced training metrics, these GPS running smartwatches can help them reach their goals. They feature bright, colorful displays, 80+ built-in sports apps and optional music on their wrist.

Forerunner® 970

PREMIUM GPS RUNNING AND TRIATHLON SMARTWATCH

SRP: \$749.99

Purpose-built for performance-driven athletes, this GPS running smartwatch features a bright, colorful display, plus advanced training and recovery features — as well as a built-in flashlight and enhanced navigation.

HRM 600

HEART RATE MONITOR

SRP: \$169.99

This premium heart rate monitor provides accurate heart rate and expanded running dynamics¹ — plus stand-alone activity recording.

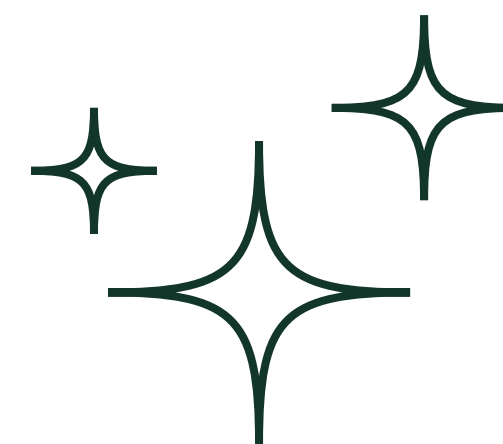

Varia™ RearVue 820

ADVANCED REARVIEW RADAR AND TAIL LIGHT

SRP: \$299.99

It's our most powerful and precise radar yet with a wider field of view for more reliable alerts. This tail light offers up to 2 km of visibility and has a brake light that shows when the rider is slowing or stopping.

Varia™ Vue

CYCLING HEADLIGHT AND 4K CAMERA

SRP: \$549.99

Upgrade their ride with this headlight camera² that records 4K video (requires memory card; not included) and shows them the way with up to 600 lumens of light intensity.

gifts for the go-getter

Edge[®] 550 | 850

CYCLING COMPUTERS

SRP: Starting at \$449.99

These compact GPS cycling computers feature vivid color displays, performance insights, training guidance, smart fueling alerts¹ and more. Edge 550 features rugged buttons while Edge 850 includes buttons and a touchscreen display.

Rally[™] 110 | 210

POWER METER PEDALS

SRP: Starting at \$599.99

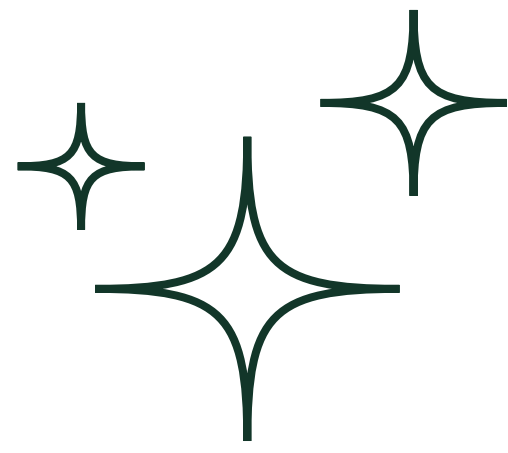

Let them track their performance with these single- and dual-sensing power meter pedals that provide accurate power data and can be easily swapped between our road and off-road pedal bodies.

¹When paired with your power meter and heart rate monitor

gifts
for the
mindful
mover

Venu® 4

PREMIUM HEALTH AND FITNESS GPS SMARTWATCH

SRP: \$549.99

They've got goals and want an on-wrist coach to guide them toward a healthier lifestyle. This advanced smartwatch with an AMOLED display, metal design and built-in flashlight is it.

CIRQA™ Smart Band

SCREENLESS HEALTH AND FITNESS TRACKER

SRP: \$199.99

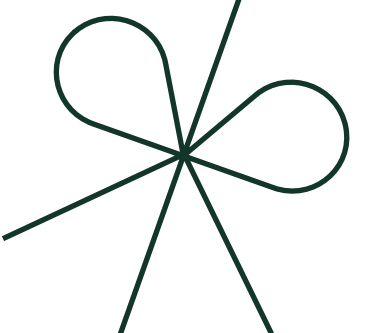

Track all day. Look later. This discreet, screenless smart band provides advanced 24/7 health monitoring¹ as well as fitness features with no subscription required. It's available with a variety of comfortable and stylish fabric bands.

vivoactive® 6

HEALTH AND FITNESS GPS SMARTWATCH

SRP: \$299.99

Featuring a bright, colorful display and purpose-built health and fitness features, this smartwatch gives them the tools and insights they need to know their body better.

Lily[®] 2 Active

SMALL FASHION SMARTWATCH

SRP: \$249.99

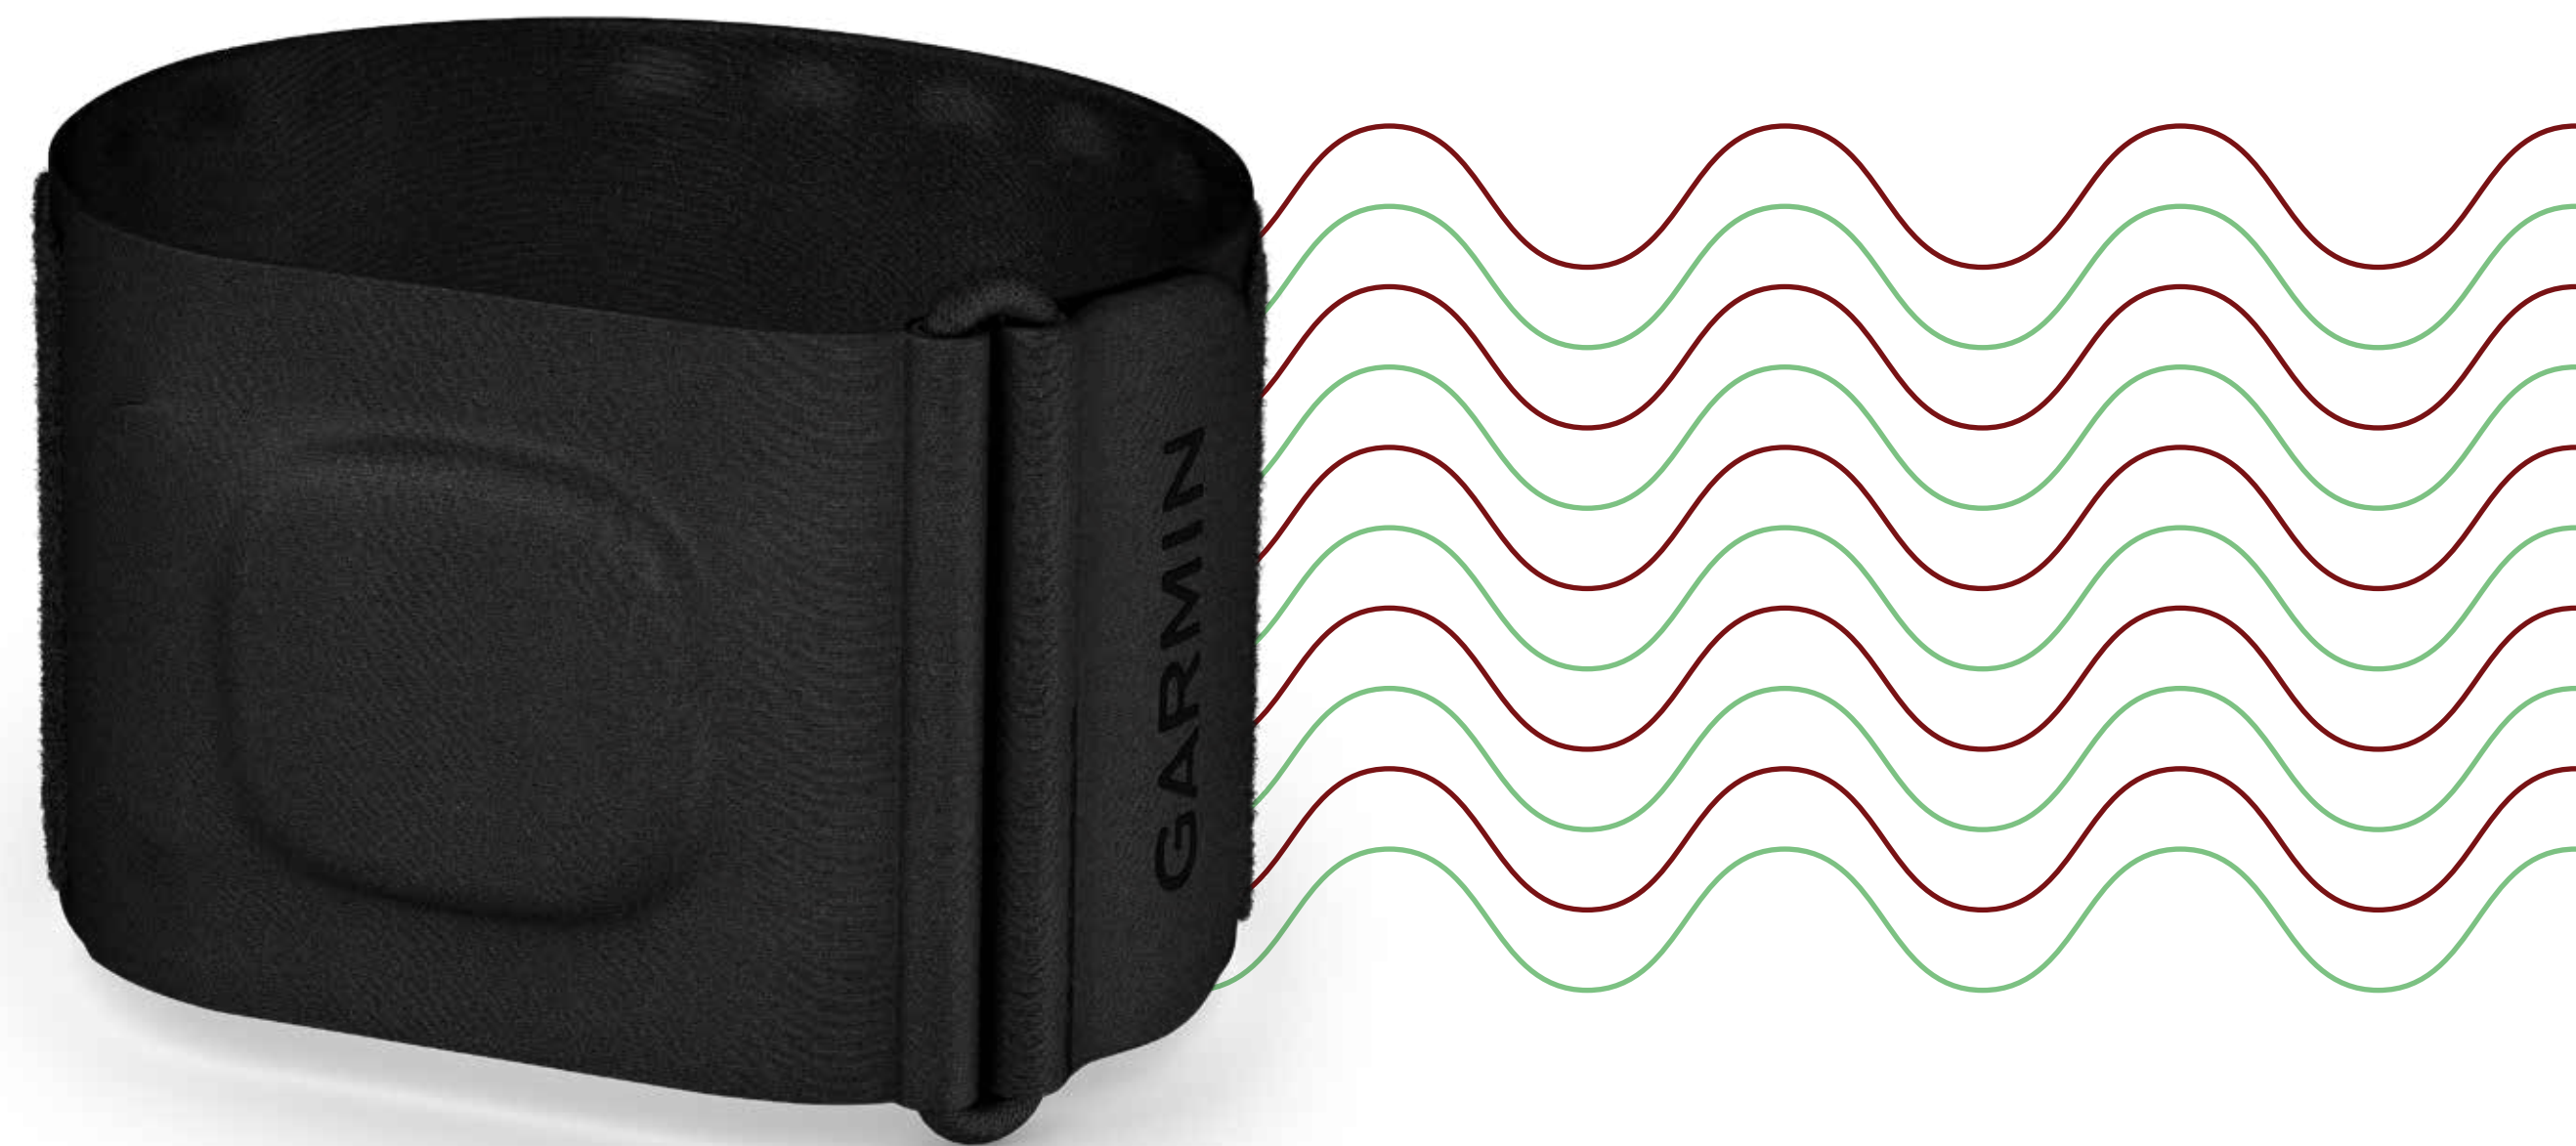

This small, stylish smartwatch has built-in GPS and essential health, fitness and smartwatch features to help them feel good — inside and out.

Index[™] Sleep Monitor

SMART SLEEP BAND

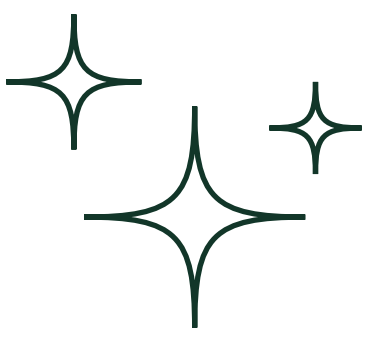

SRP: \$169.99

Give them a more comprehensive view of their sleep and recovery with this lightweight smart band that tracks their sleep¹ while maximizing comfort.

gifts
for the
outdoor
enthusiast

fēnix® 9 | 9 Pro

PREMIUM MULTISPORT GPS SMARTWATCH

SRP: Starting at \$999.99

Built for serious athletes and adventurers, these premium multisport GPS smartwatches thrive on turning effort into achievement. They feature advanced training and performance features, rugged designs and optional inReach® technology¹.

tactix® 8

PREMIUM TACTICAL GPS SMARTWATCH

SRP: Starting at \$1,299.99

They're built for the mission. They need a smartwatch that is too. Give them the ultimate tactical smartwatch with an AMOLED display or solar charging lens.

Instinct® 3

RUGGED GPS SMARTWATCH

SRP: Starting at \$399.99

Help them take on their next adventure with this rugged GPS smartwatch featuring a supertough design, solar charging lens or AMOLED display and a bold look all its own.

¹Active plan required; LTE network coverage is not available in all regions. Satellite connection and SOS functionality on this device have important limitations compared to other inReach devices that could affect the performance of connected features, making them unavailable in certain situations. Check [Garmin.com/fenix9profeaturerequirements](https://www.garmin.com/fenix9profeaturerequirements) for requirements and limitations and to see which services are accessible in your area — or in areas to where you may be traveling to ensure the performance, coverage, and service levels of this device are suitable for your intended use.

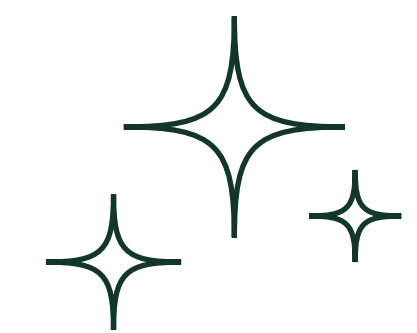

Descent™ Mk3 | Mk3i

PREMIUM WATCH-STYLE DIVE COMPUTERS

SRP: Starting at \$1,199.99

These advanced dive computers and smartwatches help them make the most of their diving experience with optional SubWave™ sonar-based communication and air integration¹. Plus, get multisport training and smart features for their life out of the water.

Descent™ X30

RUGGED DIVE COMPUTER

SRP: \$749.99

This dive computer features a vibrant 2.4" display and a housing and bezel made with recycled ocean-bound plastics. With 4 large metal buttons, long battery life and support for multiple dive profiles, it's perfect for their next dive.

¹Additional equipment (sold separately) and device pairing required

Approach® G82

LAUNCH MONITOR AND PREMIUM GPS GOLF HANDHELD

SRP: \$599.99

This portable launch monitor and premium GPS golf handheld features a built-in radar to track club head speed, ball speed, smash factor, swing tempo, estimated distance and putting stroke tempo. It also has 43,000+ preloaded courses with our full suite of golf features.

inReach® Mini 3 Plus

SOS SATELLITE COMMUNICATOR

SRP: \$499.99

Stay connected with this rugged SOS satellite communicator¹ featuring a color touchscreen display and built-in speaker and microphone, plus the ability to send texts, photos and voice messages² with an active plan.

GPSMAP® H1i Plus

PREMIUM GPS HANDHELD

SRP: \$999.99

Journey out with added peace of mind, thanks to built-in inReach® technology¹ on this rugged GPS handheld navigator, which provides phone-free text, photo and voice messaging. Plus, enjoy preloaded maps and incredible battery life.

A person riding a motorcycle down a forest road at night. The road is dark with a yellow line on the right. The forest is dense with tall trees and green foliage. The motorcycle's headlights are on, illuminating the road ahead. The rider is wearing a helmet and dark clothing. The overall scene is atmospheric and serene.

gifts for the road runner

Garmin Dash Cam™ X Series

PREMIUM DASH CAMERAS

SRP: Starting at \$199.99

For drivers who want an eyewitness on the road. These voice-controlled dash cameras record up to 4K ultra HD video¹ and include a Garmin Clarity™ polarizer lens, so they'll see all the important video details.

Tread® 2 POWERSPORT NAVIGATOR

SRP: \$699.99

This rugged, glove-friendly 6" off-road navigator helps them find a path through dirt, snow, rain and more with turn-by-turn navigation² for unpaved roads and trails.

zūmo® XT3 MOTORCYCLE NAVIGATOR

SRP: \$499.99

From the road to the track, this motorcycle navigator enhances every corner, chicane and straightaway. It's built to withstand extreme weather and handlebar vibration, and features detailed maps, route planning, group tracking and more.

¹Some jurisdictions regulate or prohibit use of the camera function of this device. It is your responsibility to know and comply with applicable laws and rights to privacy in jurisdictions where you plan to use the camera function of this device.
²Limitations may exist in map data for some road and trail route suggestions. Always defer to all posted road signs and conditions during vehicle operation. Garmin products using OpenStreetMap™ data are intended to be used only as supplementary travel aids. OpenStreetMap is a trademark of the OpenStreetMap Foundation, and is used with their permission. This product is not endorsed by or affiliated with the OpenStreetMap Foundation.

gifts
for the .
aquatic
adventurer

quatix[®] 8 Pro

PREMIUM MARINE GPS SMARTWATCH

SRP: Starting at \$1,299.99

This high-performance nautical smartwatch features a stunning AMOLED display, titanium bezel and built-in LED flashlight — alongside helpful tools for life on and off the water, including inReach[®] technology¹ for satellite and LTE connectivity.

Garmin OnBoard[™]

System

ENGINE CUTOFF SYSTEM

SRP: \$499.99

Built so they can move freely and boat confidently, the Garmin OnBoard system uses wireless tags instead of traditional tethered cords to kill the engine during an overboard emergency.

¹Active plan required; LTE network coverage is not available in all regions, e.g., satellite coverage up to 50 miles offshore. Satellite connection and SOS functionality on this device have important limitations compared to other inReach devices that could affect the performance of connected features, making them unavailable in certain situations. Check [Garmin.com/quatix8profeaturerequirements](https://www.garmin.com/quatix8profeaturerequirements) for requirements and limitations and to see which services are accessible in your area — or in areas to where you may be traveling to ensure the performance, coverage and service levels of this device are suitable for your intended use.

ECHOMAP™ Ultra 2

16" CHARTPLOTTER

SRP: \$4,599.99

Designed with the serious angler in mind, this 16" chartplotter with a full HD resolution display brings the ultimate in big-picture clarity, brightness and readability to their navigation mapping and sonar returns.

Spy Pole™

MOTORIZED SONAR CONTROL

SRP: \$1,199.99

Let them take full command of their sonar with this revolutionary motorized control for LiveScope™ and GT360UHD transducers. Spy Pole can initiate a 360-degree scan of the water and give them full control of their LiveScope with smart control modes.

LiveScope™ 2 HD

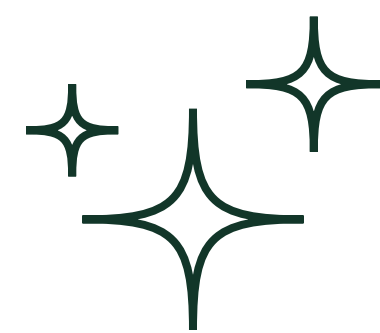

LIVE SONAR TRANSDUCER

SRP: Starting at \$1,999.99

They've never seen live-scanning sonar of this clarity. This transducer offers increased resolution, integrated image stabilization and improved stitching, so they'll clearly see fish and lures.

A twin-engine propeller plane, white with dark stripes, is flying over a vast mountain landscape. The mountains are covered in dense evergreen forests, with some areas showing signs of fire or logging. A large lake is visible in the lower right corner. The sky is clear, and the overall scene is one of natural beauty and adventure.

gifts
for the
sky seeker

D2™ Mach 2 | 2 Pro

PREMIUM AVIATOR SMARTWATCHES

SRP: Starting at \$1,349.99

Designed for life in the world of flight, these aviator smartwatches combine classic styling with bright AMOLED touchscreen displays, advanced flight mapping, voice commands, a built-in LED flashlight and optional inReach® technology¹ for LTE and satellite connectivity.

D2™ Air X15

PREMIUM AVIATOR SMARTWATCH

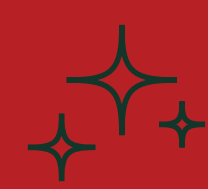

SRP: \$649.99

This aviator smartwatch helps them fly through the day with GPS Direct-to navigation, aviation weather information², a built-in LED flashlight, voice commands and multiple health and fitness features.

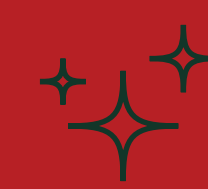

gifts
for the .
curious
kid

gifts for the curious kid

Bounce™ 2 KIDS SMARTWATCH

SRP: \$299.99

Delay a smartphone purchase with this kids smartwatch that helps their child stay active while also allowing for calling, texting and location tracking¹.

APPROACH® J1 KIDS GOLF WATCH

SRP: \$299.99

This GPS golf watch is made to help junior golfers learn and improve. It features a slim, lightweight design and simplified interface that focuses on the most important information, based on how they play.

¹To use LTE features on each device, an active plan and LTE connectivity are required; see LTE coverage area at Garmin.com/bounce2ltecoverage

gifts
for the
hardcore
hobbyist

Blaze™ EQUINE WELLNESS SYSTEM

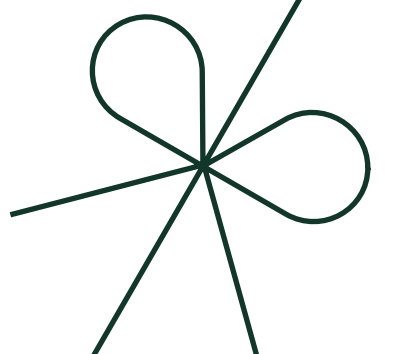

SRP: \$599.99

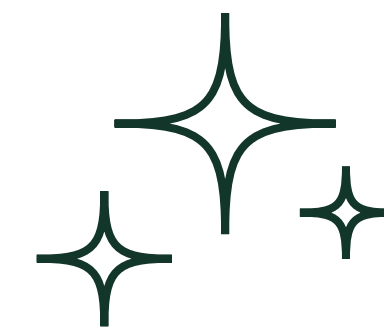

This easy-to-use tail wrap and sensor gives them insights into their horse's health and fitness so they can make more informed decisions around well-being and training. They can even see real-time stats on their smartphone or Garmin smartwatch with the Blaze™ app.

Approach® R50 PREMIUM GOLF LAUNCH MONITOR AND SIMULATOR

SRP: \$4,999.99

Give them a tee time anytime with this premium golf launch monitor and simulator, featuring a 10" built-in color touchscreen and precision metrics captured by 3 high-speed cameras.

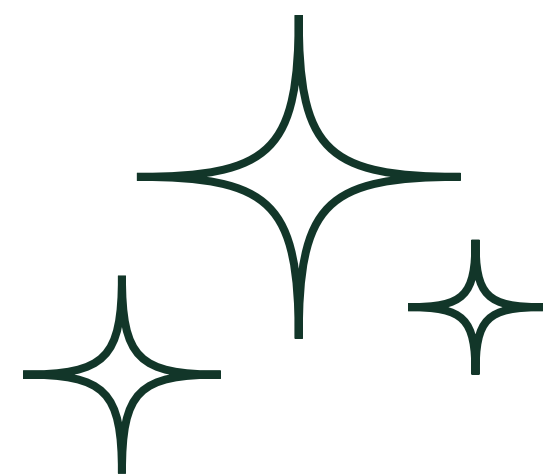

Xero[®] L60i **LASER RANGEFINDER**

SRP: \$2,499.99

This revolutionary rangefinder lets them see their target with a full-color, high-resolution graphic display overlay and razor-sharp optics featuring 7X magnification. It includes navigation features, onboard ballistics and ranging of animals out to 1,500 yards.

Alpha[®] LTE **DOG TRACKER**

SRP: \$299.99

This LTE-enabled dog tracker attaches to a dog's collar and allows their movements to be tracked on a compatible smartphone (active plan required).
